Gastrointestinal Ultrasound - GIUS

18. - 20. September 2025

Berlin - Hotel Aquino

organized by European Federation Ultrasound in
Medicine and Biology (EFSUMB)
Brandenburg Institute for Clinical Ultrasound (BICUS)
and Campus Academy

INVITATION

The Berlin Euroson School and Brandenburg Institute for Clinical Ultrasound (BICUS) invite you to this 3-day course about Gastrointestinal Ultrasound (GIUS). We have experience in organizing Euroson Schools (EFSUMB certificated courses) since 2010, when we started with our 1st school in Interventional Ultrasound. – This year we like to offer this special education in GIUS because especially gastroenterologists, internists and surgeons ask more and more for ways to learn better the intestinal ultrasound in particular. Experienced international speakers and tutors will teach along the EFSUMB-GIUS-guidelines broad areas of application theoretically and in practical exercises. Not only the examination techniques are part of the program but also emergency situations and acute clinical pictures, frequent and rare are also clearly presented in lectures, live demonstrations and in video material.

Traditionally, we look forward to meeting ultrasound enthusiasts from many countries and offer sufficient time for understanding and exchange in breaks and evenings. We are looking forward to a lively, instructive and inspiring Euroson School and invite you to join us in Berlin in September 2025.

Best wishes,

Dieter Nürnberg & Odd Helge Gilja

Course Directors

PROGRAMM, THURSDAY 18.09.2025

15.00	Registration
15.30	Welcome and Introduction to the Course <i>Nürnberg & Gilja</i>
	Introduction GIUS
15.40	The EFSUMB GIUS guidelines - Gilja
16.00	History of GIUS - Nürnberg
16.20	Requirements for GIUS - technical and physiological - Nürnberg
	Principles of GIUS I
16.40	Basics of GIUS - wall (layers), content, surrounding - Nylund
<i>17.00</i>	<i>Coffee break</i>
	Techniques of examination and sonographic anatomy of GIT
17.15	Examination of Stomach - Gilja
17.30	Examination of small bowel and large bowel - Nylund
17.50	Live Demonstration
18.15	End of first day

PROGRAMM, FRIDAY 19.09.2025

09.00	Principles of GIUS II Techniques of examination and sonographic anatomy of GIT
	Special examination points:
09.05	Esophagus - Nürnberg
09.15	Appendix - Dirks
09.30	Sigma and Rectum- Nylund
09.45	Hands on training
<i>10.30</i>	<i>Coffee break</i>
	Pathologies in GIUS I Upper GIT - stomach
10.45	Wall destruction: tumors, ulcer, gastritis - Gilja
11.05	Functional diseases - Gilja
11.25	Live demonstration
	Inflammatory bowel diseases (IBD)
12.00	Signs of Crohns disease (CD) - Tofolean
12.30	Complications in Crohns disease (CD) - Petersen
<i>13.00</i>	<i>Lunch break</i>

PROGRAMM, FRIDAY 19.09.2025

	Pathologies in GIUS II Inflammatory bowel diseases (IBD)
14.00	<i>Live demonstration</i>
14.30	Assessment of activity (US and scores) - Nylund
	Diff.diagnosis of Enterocolitis
14.50	Ulcerative colitis - Petersen
15.10	Ischemic diseases - Jenssen
15.40	Differential diagnosis- case reports - Petersen
<i>16.00</i>	<i>Coffee break</i>
	Pathologies in GIUS III Emergency
16.20	Ileus - Wüstner
16.40	Perforation - Tofolean
	Acute GI diseases
17.00	Appendicitis - Dirks
17.30	Diverticulitis and appendagitis - Wüstner
18.00	End of second day
19.00	<i>Social event - boats tour river Spree</i>
